

MEGAROMA WELLNESS CENTRE

Informed Consent

Aromatherapy is an incredible healing art and science that utilizes concentrated plant extracts in the form of essential oils and hydrosols (aromatic waters) to support and enhance the individual's ability to heal and maintain health.

I understand that this consultation is designed to gather information so that my practitioner is able to design and create aromatic products based upon my unique needs and goals.

I understand that my aromatherapy practitioner, Elaine Steeves, does not diagnose, prevent or treat any illness, disease, or any other physical or mental condition.

I understand that aromatherapy is an alternative treatment used only to help alleviate symptoms of ailments. Also, this consultation is not meant to take the place of diagnosis or treatment by a qualified medical practitioner.

I affirm that I have answered all questions accurately and honestly and realize the importance of notifying the practitioner of any changes that may affect my health profile and understand that there shall be no liability on the practitioner's part should I forget to do so.

I understand that all my information is strictly confidential and maintained at all times. Upon request, I may give permission to the practitioner to use my information in a case study and may request a copy of the case study if so desired.

I hereby assume any and all risks and release and agree that Elaine M. Steeves, operating as Megaroma Wellness Centre, is not responsible for claims for injuries, damages, losses, death, costs, and expenses of all kinds, including legal fees, in any way arising from or related to the products or Aromatherapy treatments received.

I have read the above information and I hereby give my permission for Elaine Steeves to create aromatic products for me based upon my unique needs and goals.
